Gratuities

Gratuities – Are always an option for any client to leave for the service provider – this may be left in cash for the staff member or included within your check (please specify a gratuity amount if paying by check, so that we know that the balance is to go to the staff member and not applied to your account.) We issue 100% of any gratuity to our staff on a per visit basis in the event there are different staff members – all gratuities included in a client’s check will be posted to your account once we receive and post your payment to your account. We will not post any cash tips as we would not know what the amounts are unless we are doing the visits.
